

Middle School Supply List – 2010-2011

- * Pencils with good erasers – enough to get you through the school year
- * Colored pencils – at least a set of 8
- * Glue stick – 3
- * Scissors
- * Ruler – transparent with both inches and centimeters is best
- * Compass and protractor – (Don't go buying a new one if you don't need to. Check your supplies from last year and see if you have a usable one of each of these items.)
- * World Atlas – Rand McNally or National Geographic
- * Three ringed binder with a good supply of lined paper
- * Water bottle with name on it
- * A couple of boxes of Kleenex tissue
- * Dane is going to buy for the class the journals that he prefers for a number of different study areas. He would like to have the students repay him for them when he hands them out. This will amount to perhaps a few dollars per student.
